Video Commentary: Best Breakpoints to use for Mobile Design

View the Transcript

Jen Kramer is a lecturer at Harvard Extension School who specializes in teaching web design, web development, and instructional design. A UXQB® Certified Professional for Usability and User Experience Foundation Level, Jen has written over 40 training courses and creates workshops for teaching web design and development. She is also a frequent speaker at national conferences, such as UXPA Boston, CSSConf, and FullStackFest.

Breakpoints & Media Queries

In the following video, Daniel Quinn demonstrates adding breakpoints using media queries. The video is designed to illustrate how media queries are added to the CSS stylesheet in a live coding environment.

Note: For optimum viewing, this video is best viewed in full screen mode. To view in full screen mode, click on the arrows icon in the bottom right of the menu in the video viewport window.
